## 打造工业阀门信赖品牌!

*Create a trusted brand of industrial valves!*

“永联”历经40多年风雨沉淀，是“中国阀门城”温州龙湾第一个缔造生产衬氟防腐阀门的民企；也是第一个通过集体改制后同国有企业技术合作、互利共赢、促进发展的民企代表；更是温州民企率先整合资源，且大胆收购同行业技术、设备和人才的勇者。因此，在衬氟防腐阀门制造领域，永联阀门名副其实的烙上了“老字号”的标签。

其凭借独特的区位、产业、技术及深厚的企业文化底蕴等优势，成为了中国工业防腐阀门制造业的先锋者。为国内石油、化工、水利、电力、制药及矿山冶炼、造纸等装置设备工程提供了高品质的衬氟防腐阀门系列产品，并备受青睐。

After more than 40 years of wind and rain, "Yonglian" has become the "Valve City of China". The first private enterprise in Longwan, Wenzhou to create and produce fluorine lined anti-corrosion valves; it is also the first representative of a private enterprise to cooperate with state-owned enterprises in technology, achieve mutual benefit and promote development through collective restructuring; Wenzhou private enterprises are the first to integrate resources and boldly acquire technology, equipment, and talents in the same industry. Therefore, in the field of fluorine lined anti-corrosion valve manufacturing, Yonglian valves are truly branded as "time-honored brands".

With its unique location, industry, technology, and profound corporate culture, it has become a pioneer in China's industrial anti-corrosion valve manufacturing industry. For domestic oil, chemical, water conservancy, power, pharmaceutical, mining smelting, papermaking and other equipment engineering projects provide high-quality fluorine lined anti-corrosion valve series products, which are highly favored.

## COMPANY PROFILE 企业简介

创建于1982年

高新技术企业

企业员工200+人

使用面积30000+  
平方米

浙江永联阀门集团有限公司创建于1982年，是一家集研发、生产、销售、服务于一体的国家重点高新技术企业。公司座落于有温州经济技术开发区滨海园区，占地面积三万多平方米，现有员工200余人，中级人员12人，高级工程师5人。公司建立了先进的理化试验室，拥有先进的加工设备和精良的检测仪器以及成熟的衬氟技术，专业从事各种衬氟阀门的设计与制造，衬氟塑料衬里阀门是本公司特色系列产品之一。

产品涵盖氟塑料衬里截止阀、球阀、隔膜阀、蝶阀、止回阀、管夹阀等40多个系列，960余种产品。主要产品有：闸阀、截止阀、球阀、蝶阀、旋塞阀、隔膜阀、节流阀、调节阀；石油、石化、硫酸、冶炼、电站、钢厂、煤化工等系统专用阀；金属衬塑阀门及特种金属材料阀门；金属和非金属耐腐蚀泵；特种不锈钢管道和钢塑复合管及配件。

产品广泛应用于石油、化工、冶金、电力等行业，并出口欧美、俄罗斯、非洲、东南亚、中东和日本等国家和地区，产品质量稳定可靠，深受用户好评。多年来，公司一直恪守“以管理规范为基础，以市场需求为导向，以保证质量求生存，以客户满意为宗旨，以产品创新促发展”的经营宗旨，坚持“以人为本、和谐发展、创造双赢”的管理理念，广纳贤才良士，倡导人性化管理，为各类人才的发展营造良好的空间，在长期的市场竞争中，以优异的产品质量扩大了市场，赢得了广大用户的信赖和赞誉。

公司引进国内外先进的制造工艺和严密的质量管理体系，产品设计新颖、设备精良、检测完备，已获得中华人民共和国特种设备制造许可证A1级、欧盟CE认证、UL认证、GB/T 19001-2016质量体系认证、GB/T 45001-2020职业健康安全管理体系认证、GB/T 24001-2016环境管理体系认证、浙江制造认证，并被授予国家高新技术企业、浙江省“专精特新”中小企业、浙江省创新型中小企业、浙江省科技型企业、温州市企业技术研究开发中心、AA浙江省守合同重信用企业、浙江省阀门协会会员单位等众多荣誉。

公司始终走“产、学、研”道路，自主创新、自主研发，已成功开发“大口径2400mm/2600mm新型高性能衬氟蝶阀”和“二道新密封平衡式控制阀”。这两项成果已申报国家发明专利，属国内外首创项目，并通过省级技术鉴定，其各项技术指标都领先国内外，它不但技术含量高，而且实用性更强，深受用户认可。

公司发展至今承蒙社会各界人士与用户的大力支持，现已成为国内制造“防腐蚀”阀门及管件企业中的骨干企业。面对未来的挑战，公司将以全新的经营理念精心塑造独特的企业文化，以更求实的精神、更好的信誉，更优质的产品和更完善的服务奉献给国内外广大客户。

Zhejiang Yonglian Valve Group Co., Ltd. was founded in 1982 and is a national key high-tech enterprise that integrates research and development, production, sales, and service. The company is located in Binhai Park, Wenzhou Economic and Technological Development Zone, covering an area of over 30000 square meters. It currently has more than 200 employees, including 12 intermediate level personnel and 5 senior engineers. The company has established an advanced physical and chemical laboratory, equipped with advanced processing equipment, sophisticated testing instruments, and mature fluorine lining technology. It specializes in the design and manufacturing of various fluorine lined valves, and fluorine lined plastic lined valves are one of the company's characteristic series products.

Our products cover more than 40 series including fluoroplastic lined globe valves, ball valves, diaphragm valves, butterfly valves, check valves, pipe clamp valves, etc., with over 960 types of products. The main products include gate valves, globe valves, ball valves, butterfly valves, plug valves, diaphragm valves, throttle valves, and regulating valves; Special valves for petroleum, petrochemical, sulfuric acid, smelting, power plants, steel mills, coal chemical and other systems; Metal lined plastic valves and special metal material valves; Metal and non-metal corrosion-resistant pumps; Special stainless steel pipes and steel plastic composite pipes and fittings.

The product is widely used in industries such as petroleum, chemical, metallurgical, and power, and exported to countries and regions such as Europe, America, Russia, Africa, Southeast Asia, the Middle East, and Japan. The product quality is stable and reliable, and is highly praised by users. For many years, the company has adhered to the business philosophy of "based on management norms, guided by market demand, striving for survival by ensuring quality, aiming for customer satisfaction, and promoting development through product innovation". It insists on the management concept of "people-oriented, harmonious development, and creating win-win", recruits talented individuals, advocates humanized management, and creates a good space for the development of various talents. In the long-term market competition, it has expanded the market with excellent product quality and won the trust and praise of a large number of users.

The company has introduced advanced manufacturing processes and rigorous quality management systems from both domestic and foreign sources. Its product designs are innovative, equipment is sophisticated, and testing is complete. It has obtained the Special Equipment Manufacturing License A1 level of the People's Republic of China, the EU CE certification, UL certification, GB/T 19001-2016 Quality System Certification, GB/T 45001-2020 Occupational Health and Safety Management System Certification, GB/T 24001-2016 Environmental Management System Certification, Zhejiang Manufacturing Certification, and has been awarded numerous honors such as National High tech Enterprise, Zhejiang Province "Specialized, Refined, Unique and New" Small and Medium sized Enterprise, Zhejiang Province Innovative Small and Medium sized Enterprise, Zhejiang Province Science and Technology Enterprise, Wenzhou Enterprise Technology Research and Development Center, AA Zhejiang Province Contract abiding and Creditworthy Enterprise, and Zhejiang Province Valve Association Member Unit.

The company has always been committed to the path of "production, learning, and research", with independent innovation and research and development. It has successfully developed the "large-diameter 2400mm/2600mm new high-performance fluorine lined butterfly valve" and the "two-way new sealed balanced control valve". These two achievements have been applied for national invention patents, are pioneering projects at home and abroad, and have passed provincial technical appraisal. Their various technical indicators are leading at home and abroad. They not only have high technical content, but also stronger practicality, and are highly recognized by users.

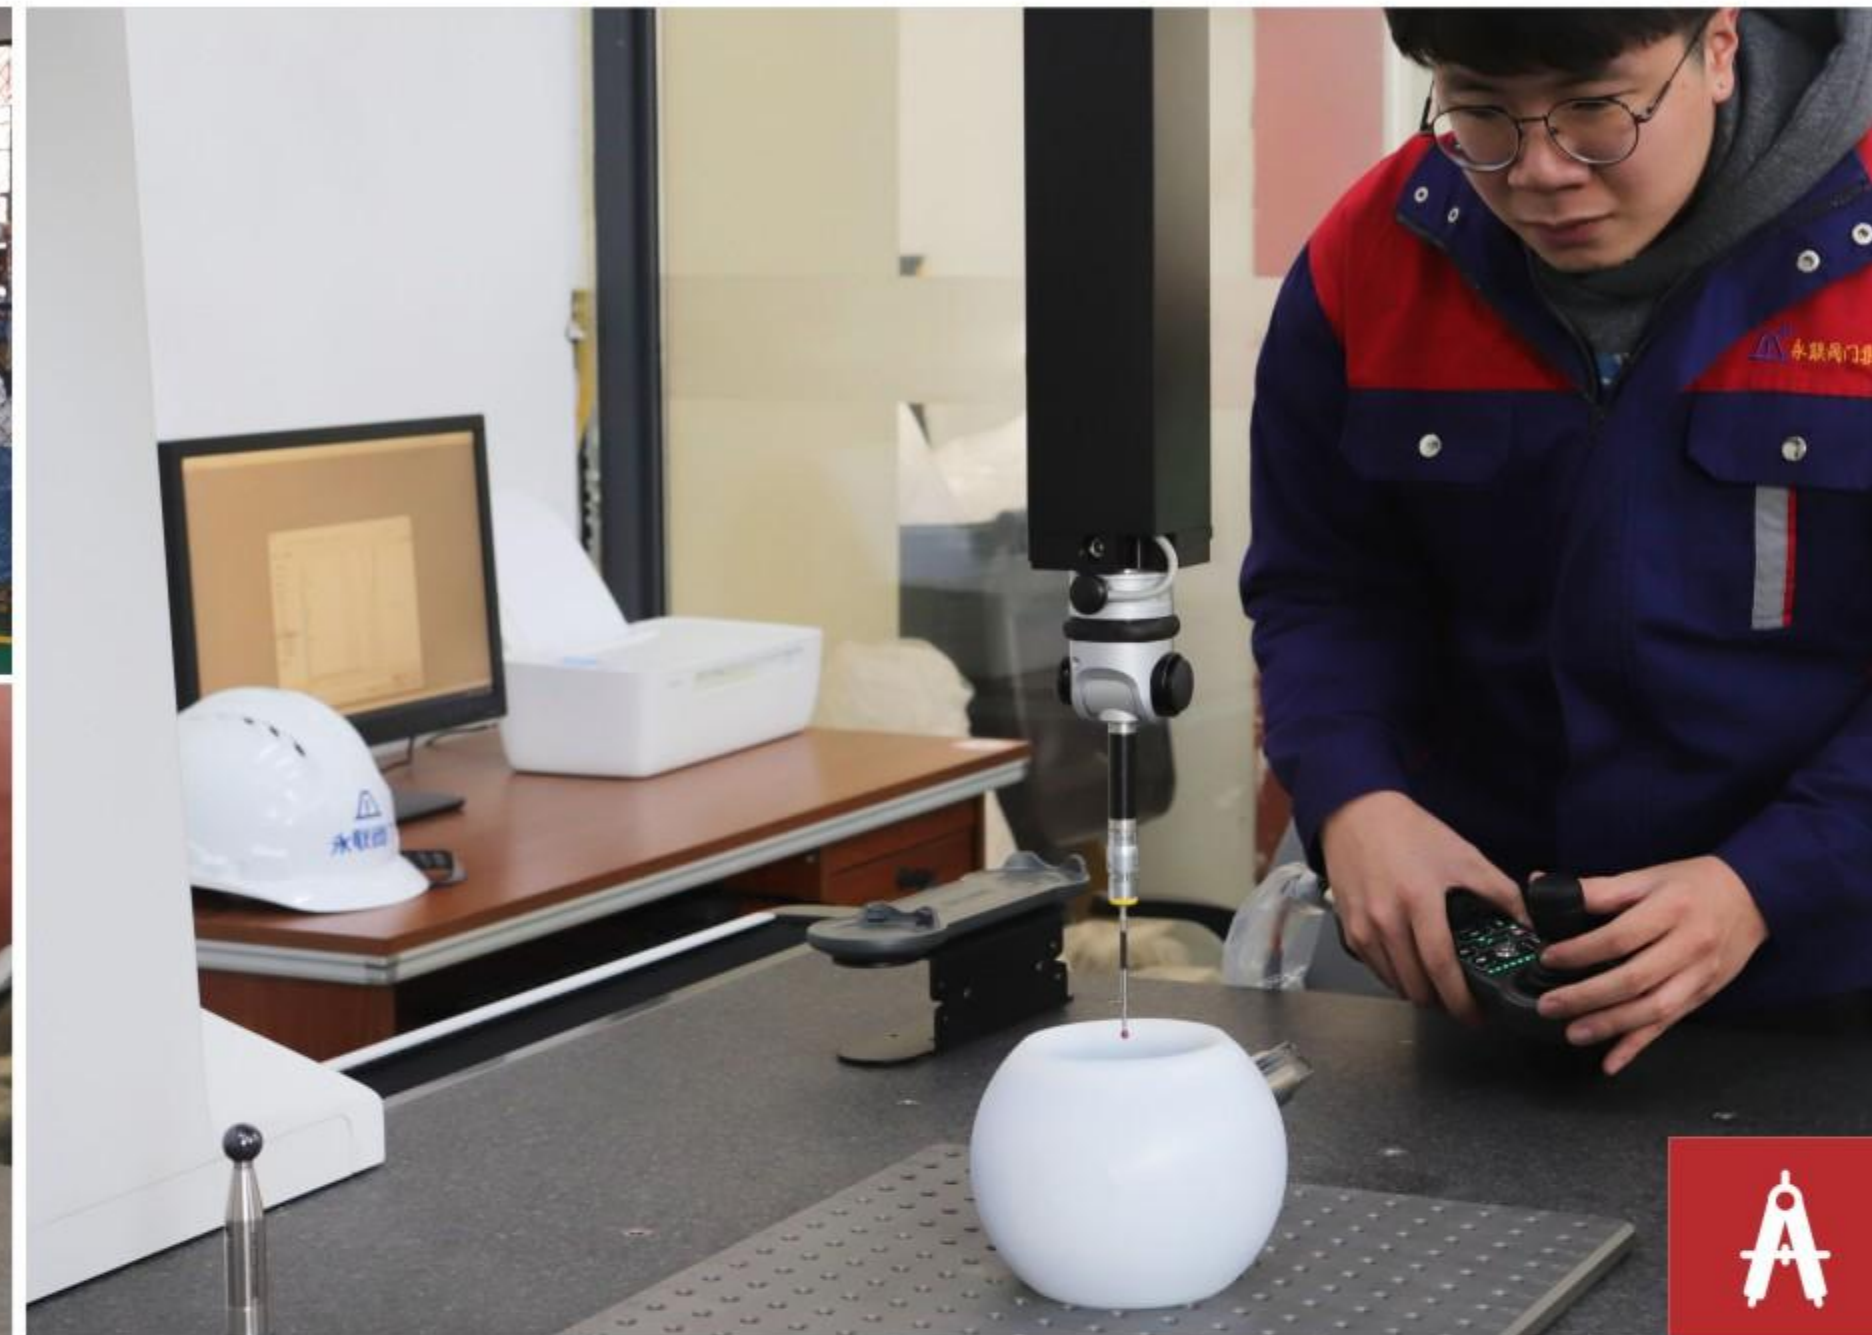

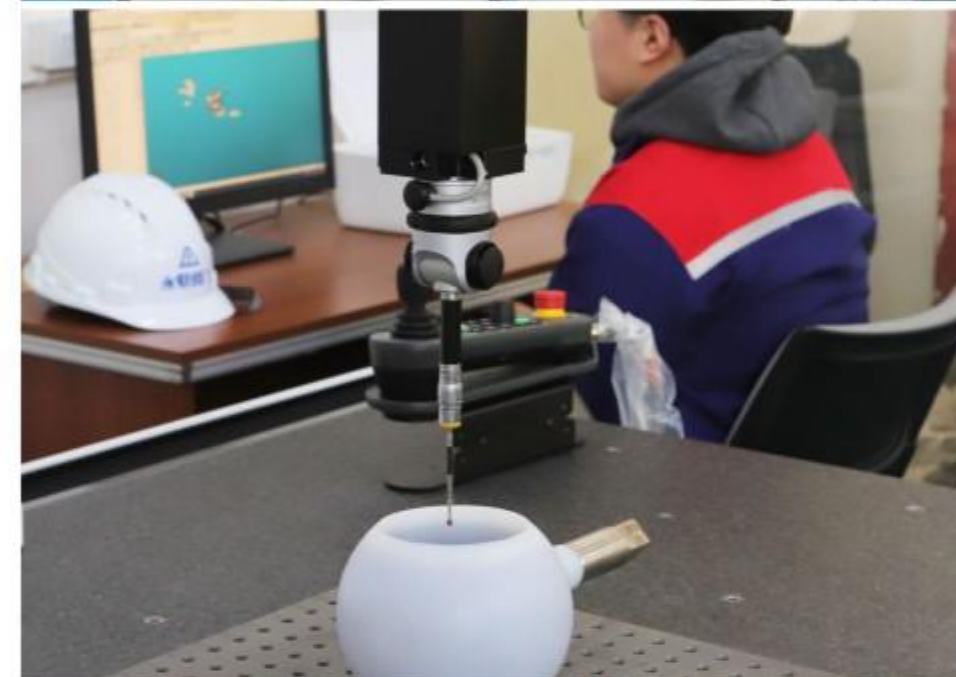

Thanks to the strong support of people from all walks of life and a wide range of users, the company has become a backbone enterprise in the domestic manufacturing of "anti-corrosion" valves and fittings. In the face of future challenges, the company will carefully shape a unique corporate culture with a new business philosophy, and dedicate itself to domestic and foreign customers with a more pragmatic spirit, better reputation, higher quality products, and more comprehensive services.

Traffic testing station
- 等检验检测设备等等。  
Waiting for inspection and testing equipment, etc.

Control  
**Quality**  
质量保证

严格的检测是产品质量的保障

不让一点瑕疵出现

不让质量问题损害我们的品牌是我们的宗旨

我们建立了一整套合理的、有序的检测程序

在“我们追求0故障”思想的指导下

**永联**绝不让一件不合格的产品出厂

我们相信这既是对客户负责

更是对我们自己负责

Strict testing is the guarantee of product quality

NO single flaw appear

It is our aim: not to let quality problems damage our brand

We have established a set of reasonable and

orderly testing procedures

Under the guidance of the idea of "We pursue zero failures"

**YONGLIAN** will never let an unqualified product leave the factory

We believe this is a responsibility to our customers

It is also responsibility to ourselves

## PRODUCT DISPLAY 部分产品实拍展示

在永联，每一位员工都拥有严谨的工作态度，他们视产品质量为生命，站在用户的角度，深谙“0.1%的不合格品，就是100%的不良品”，这种深植于人心的质量意识，是永联品质的可靠保证。

At Yonglian, every employee has a rigorous work attitude. They regard product quality as their life, stand from the perspective of users, and understand that "0.1% of non-conforming products are 100% defective products". This quality awareness deeply rooted in people's hearts is the reliable guarantee of Yonglian's quality.

### 仓储实力

Storage Capacity

成品仓库**3000<sup>+</sup>**平方

Nearly 3,000m<sup>2</sup> of inventory

仓储成品规格近**2000<sup>+</sup>**种

Storage of nearly 2000 kinds of finished products

常备库存成品**50<sup>+</sup>**万只以上

Over 500K+ pcs of each item in stock

常规产品当天下单可发货

Same-day shipping for standard products upon order

# QUALIFICATION HONOR 资质荣誉

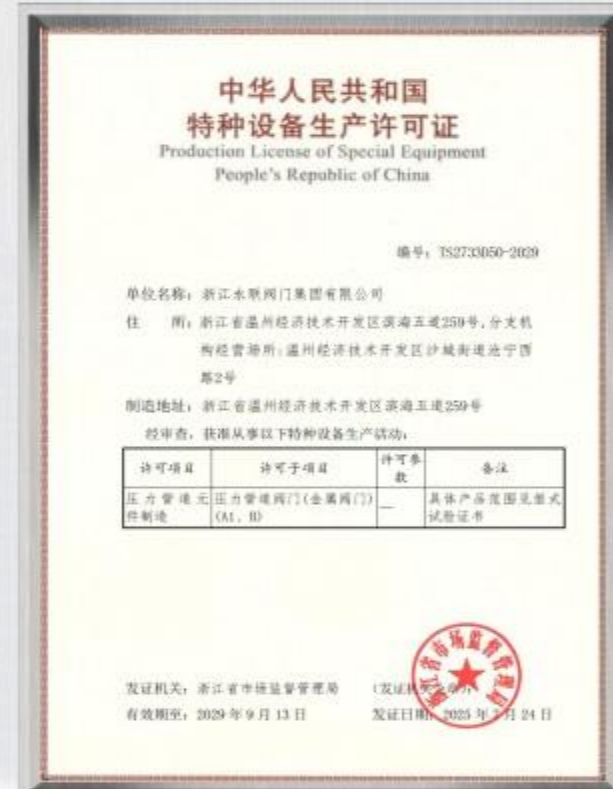

永联阀门集团创始人“沈永礼”被行业协会评为温州龙湾衬氟阀门创始人，以兹感激其为衬氟阀门行业做出的巨大贡献，同时让我们一步一个脚印走向荣耀与辉煌，力争成为阀门行业的领军者，让我们随着岁月的年轮，细数那些属于我们的荣耀。

目前公司已获得中华人民共和国特种设备制造许可证A1级、欧盟CE认证、UL认证、GB/T 19001-2016质量体系认证、GB/T45001-2020职业健康安全管理体系认证、GB/T 24001-2016环境管理体系认证、浙江制造认证，并被授予国家高新技术企业、浙江省“专精特新”中小企业、浙江省创新型中小企业、浙江省科技型企业、温州市企业技术开发中心、AA浙江省守合同重信用企业、浙江省阀门协会会员单位等众多荣誉。

Shen Yongli, the founder of Yonglian Valve Group, has been recognized by the industry association as the founder of Wenzhou Longwan fluorine lined valves. We are grateful for his tremendous contributions to the fluorine lined valve industry, and he has taken us step by step towards glory and glory, striving to become a leader in the valve industry. Let us count down those honors that belong to us with the passage of time.

At present, the company has obtained the Special Equipment Manufacturing License A1 level of the People's Republic of China, EU CE certification, UL certification, GB/T 19001-2016 Quality System certification, GB/T45001-2020 Occupational Health and Safety Management System certification, GB/T 24001-2016 Environmental Management System certification, Zhejiang Manufacturing Certification, and has been awarded numerous honors such as National High tech Enterprise, Zhejiang Province "Specialized, Refined, Unique and New" Small and Medium sized Enterprise, Zhejiang Province Innovative Small and Medium sized Enterprise, Zhejiang Province Science and Technology Enterprise, Wenzhou Enterprise Technology Research and Development Center, AA Zhejiang Province Contract abiding and Creditworthy Enterprise, Zhejiang Province Valve Association Member Unit, etc.

# Trustworthy 值得信赖

## APPLICATION AREA 应用领域

永联产品使用较为广泛，产品覆盖全国各地并远销东南亚各国和中东地区，应用于化工、石油、冶炼、造纸、医药、水电、新能源等领域。公司本着重信誉，守合同的原则，在长期的市场竞争中，以优异的产品质量扩大了市场，赢得了广大用户的信赖和赞誉。

Yonglian products are widely used, covering all parts of the country and exported to Southeast Asian countries and the Middle East. They are used in chemical, petroleum, smelting, paper, medicine, hydropower, new energy and other fields. Based on the principle of credit standing and contract compliance, the company has expanded the market with excellent product quality and won the trust and praise of the majority of users in the long-term market competition.

销售额 **30000<sup>+</sup>** 万元  
Sales revenue of over 300 million yuan

服务客户 **3000<sup>+</sup>** 个  
Serving over 3000 customers

应用领域 **40<sup>+</sup>** 个  
40+ application areas

# APPLICATION AREA

## 企业主导产品

衬氟/衬胶及金属材质蝶阀、球阀、调节阀、截止阀、隔膜阀、旋塞阀、止回阀、氯气专用阀、单座控制阀等40多个系列，1000余种产品。同时，企业也为解决流体控制难题研发并投入生产多种实用型阀门产品。永联将会继续努力研发更多更好的阀门服务流体控制事业。

Fluorine/rubber and metal butterfly valves, ball valves, regulating valves, globe valves, diaphragms More than 40 valves, plug valves, check valves, chlorine special valves, single-seat control valves, etc. Series, more than 1,000 kinds of products. At the same time, the company also solves the problem of fluid control R & D and put into production a variety of practical valve products. Yonglian will continue to work hard Research and develop more and better valves to serve the fluid control business.
